

SYLLABUS FOR FORENSIC SCIENCE

Welcome to Forensic Science. The supply list required for Legacy High School covers most supplies which will be needed for this class.

Your grades will be determined as follows:

Participation	50 points (paying attention and being respectful during suspect interviews)
Classwork	25 points for the lab, 75 points each for the crime scenes
Tests	30 points for the assessment on the blood spatter activity

This is a very hands-on class. The objective is to expose you to many different avenues one could take if interested in a future career as a forensic scientist.

Concerning late work, you will lose 10% for every day that it is late.

Let's have a great year!
