

Science Project

Name _____

Due Date: February 3, 2017

Paper Requirements: The group is to do an informative research paper on an approved topic. The paper should include the all topics surrounding the topic and should provide a perspective on the past, present, and future of the topic.

Length: 8th and 9th grade: 5 pages to include: 1 Title page, 1 Outline page, 2 content pages, 1 Works cited page

10-12th grade: 6 pages to include: 1 Title page, 1 Outline page; 3 content pages; 1 Works cited page.

Marine Science—5 content pages

Paper must be **typed—12 font, double spaced. MLA format**

Paper must be in a **CLEAR folder.**

Works cited must have at least **5 resources** to include books, magazines (online ok), and Internet.

Grades will be taken for the topic, the paper, the final project. Each member will receive the group grade; however, each member will have the opportunity to share the amount of work done by the other members. If a member does not “carry his/her own weight”, then that member’s grade will be affected.

***This project will be counted as a test grade: *Copying, cutting, pasting, and plagiarism will not be tolerated. It will result with a grade of “0” and a referral to Legacy High School Administrator.**
