

# Newts

## I. Salamanders

### A. Classification

1. Animals
2. Amphibians
  - a. double-life
  - b. moist skin

### B. General characteristics

## II. Newts

### A. Primarily aquatic

### B. Stages of Life

1. Larva—tadpole
2. Red Eft—terrestrial
3. Adult—aquatic

### C. Habitat

### D. Food—nutrition

### E. Regeneration

## III. Regeneration

### A. Definition

### B. Proteins

### C. Amino acids

### D. Previous research

## IV. Experimental Procedure

### A. Hypothesis

### B. Experimental Procedure
